BRAD PITT

The screenshot shows a user interface for a service named "GOLDENHEART". On the left, a dark sidebar lists "DASHBOARD", "API", "EMBED CODE", and "SETTINGS". The main content area is titled "Activity" and "API Documentation". It includes a sub-instruction "Use this API to bind our service to your payment gateway". A large central box contains the text "SWAGGER.IO API DOCUMENTATION". At the top right, there's a green button for "GENERATE API KEYS", a notification bell icon, and a user profile for "BRAD PITT" with a small portrait.

VIEW MORE

The screenshot shows the GoldenHeart application interface. On the left is a dark sidebar with the "GOLDENHEART" logo at the top. Below it are five menu items: DASHBOARD, API, EMBED CODE (which is highlighted in green), and SETTINGS. At the bottom of the sidebar is a small upload icon. The main content area has a header with "Activity" and "GENERATE API KEYS" and a notification bell icon. To the right of the bell is a user profile picture of Brad Pitt and his name "BRAD Pitt". The central part of the screen is titled "Embed Code" and contains the instruction "Embed this code into your website to add payment button". A code editor window displays the following JavaScript code:

```
<script>$("#testLoad").load("http://www.somesite.com/somepage.html");</script>
<div id="testLoad"></div>
```

At the bottom of the code editor is a green "GENERATE CODE" button.
